

Vi Derm™ Moisturizer

Vi Derm™ Moisturizer is a true luxury. It is formulated with an exclusive selection of natural extracts and oils, which hydrate and nourish the skin. This rich, rehabilitative cream provides a powerful firming and moisturizing feel, perfect for skin depleted by the ravages of the environment and time. Restores immediate comfort to your skin.

Directions:

Use as often as needed if your skin feels tight, irritated, flaky, or dry; for all skin types and on any part of your face or body. Use indulgently.

Vi Derm™ Exfoliating Body Lotion w/ 12.5% Glycolic Acid and Retinol

Vi Derm™ Exfoliating Body Lotion w/12.5% Glycolic Acid and retinol is a thorough exfoliant capable of penetrating deep into the skin to increase collagen formation and new skin cell production. This luxurious lotion also contains Retinol which works in conjunction with the Glycolic Acid to remove the outer layers of thickened and damaged skin, leaving skin looking radiant and feeling smoother and firmer day after day.

Directions:

After using the Vi Derm™ Body Wash apply the Vi Derm™ Exfoliating Body Lotion liberally to all areas of the body and massage in. Use as often as desired and always use sunscreen.

Vi Derm™ Revitalizing Eye Cream

Vi Derm™ Revitalizing Eye Cream is a rich, deeply hydrating cream formulated with Vitamins A, E and K which strengthens the thin eye skin area, lightens dark circles, reduces puffiness, and nourishes cells with essential moisture to smooth and firm the skin.

Directions:

Pat a small amount around the eye area until product is absorbed. For best results, use morning and evening after cleansing and toning.

Vi Derm™ One Step For Men

Vi Derm™ Male One Step Firming Cream is a powerful treatment designed to correct environmental skin damage. This product contains Retinol and powerful antioxidants, which will stimulate cell regeneration and build collagen to diminish the appearance of fine lines, wrinkles, and age/sun spots. Additionally, it will help minimize pore size, prevent breakouts, and even out skin tone. This is also ideal for teen-age skin, male or female.

Directions:

Apply Vi Derm™ Male One Step liberally to face and neck twice a day (morning and evening) after cleansing.

Vi Derm™ Body Wash with 12.5% Glycolic Acid

Vi Derm™ Body Wash with 12.5% Glycolic Acid is designed to deeply cleanse and exfoliate your body's dry and rough skin. The Glycolic Acid accelerates the lightening process and ensures optimal penetration of corrective treatment products. This cleanser will leave your skin thoroughly cleansed and refreshed.

Directions:

Apply a small amount of the Vi Derm™ Body Wash to damp skin, lather and rinse thoroughly. For best results, follow each cleansing with Vi Derm™ Exfoliating Body Lotion which contains 12.5% Glycolic Acid and Retinol and always use sun protection.

Optimize your VIPEEL and your Skin's Appeal.

VITALITY INSTITUTE

Introducing a breakthrough approach to skincare that renders every other product of its kind obsolete. We call it “*New Generation Aesthetics.*” First, the Vi Peel™ literally peels away the years. Then the Vi Derm™ Skin Care System enhances the benefits of the Vi Peel™ by providing ongoing maintenance. All of these formulas work in combination to create a complete program that reverses the effects of sun damage, environmental factors and aging for dramatically firmer, healthier, more youthful skin.

Vi Derm™ Cleanser for Normal to Dry Skin

Vi Derm™ Cleanser for Normal to Dry Skin exfoliates cellular buildup and residue resulting from natural aging, makeup and the environment. Enriched and enhanced with free radical fighting antioxidants, this unique and gentle blend of natural botanical ingredients cleanses, hydrates and refreshes, leaving skin revitalized and radiant.

Directions:

Apply a small amount of cleanser to damp face and neck, gently massage into skin and rinse completely. This cleanser should be used morning and evening to prepare the skin for the next steps. For best results, follow each cleansing with Vi Derm™ Toner.

Vi Derm™ Cleanser for Oily to Acne Prone Skin

Vi Derm™ Cleanser for Oily to Acne Prone Skin will thoroughly cleanse and clarify oily and problem-prone skin, while exfoliating cellular buildup and residue resulting from natural aging, makeup and the environment. This hydrating cleanser contains Azelaic Acid and Beta Hydroxy Acid to control oil and bacteria, which can cause skin problems. This cleanser is enriched and enhanced with free radical fighting antioxidants and a unique blend of natural botanical ingredients to cleanse and refresh, leaving skin revitalized and radiant.

Directions:

Apply a small amount of cleanser to damp face and neck, gently massage into skin and rinse completely. This cleanser should be used morning and evening to prepare the skin for the next steps. For best results, follow each cleansing with Vi Derm™ Toner for Oily to Acne Prone Skin.

Vi Derm™ Facial Toner for Normal to Dry Skin

Vi Derm™ Facial Toner for Normal to Dry Skin will balance, refresh, and restore the skin's protective pH mantle while removing residue. This revitalizing toner contains botanical extracts that soothes, tones and moisturizes, while Lactic Acid helps exfoliate dead skin cells.

Directions:

After cleansing, apply toner evenly with a cotton ball over face, neck and chest. Do not rinse. Toner will help optimize condition and pH of the skin for subsequent steps.

Vi Derm™ Facial Toner for Oily to Acne Prone Skin

Vi Derm™ Facial Toner for Oily to Acne Prone Skin is a potent oil-control toner formulated with Beta Hydroxy Acid to accelerate the removal of dead cell build-up and excess oil, and helps prevent acne breakouts. This toner will balance, refresh, and restore the skin's protective pH mantle while removing residue.

Directions:

After cleansing, apply toner evenly with a cotton ball over face, neck and chest. Do not rinse. Toner will help optimize condition and pH of skin for subsequent steps.

Vi Derm™ Vitamin C 20% Gel

Vi Derm™ Vitamin C 20% Gel is a corrective treatment designed for use by all skin types. This formula provides preventive and anti-aging benefits to the skin along with unmatched protection from photo aging, prevention of premature signs of aging, and stimulation of collagen production. The Vi Derm™ Vitamin C 20% Gel has a visible toning and firming effect on the skin. You also may use around the outer eye area with a lighter application.

Directions:

Use morning and evening after cleansing and toning. Apply a dime size amount of Vi Derm™ Vitamin C 20% Gel to the entire face, neck and chest.

Vi Derm™ Bleaching Cream Rx

Vi Derm™ Bleaching Cream Rx will promote correction at the cellular level of uneven skin tone and lighten age spots, freckles, and scars. The multi-action synergistic properties of Hydroquinone, Kojic Acid, Azelaic Acid, Arbutin, and Licorice extract will exfoliate, bleach, and inhibit hyperpigmentation and age spots. This bleaching cream will re-texture the skin and help reduce fine lines and wrinkles, dramatically improving skin clarity. The antibacterial properties will help control breakouts in problematic skin and can be used by all skin types.

Directions:

Use morning and night or as instructed by your skin care provider. After cleansing, toning, and Vitamin C serum, apply a fingertip amount and smooth over affected area. Allow the cream to penetrate. At night you may also add a fingertip amount of tretinoin cream 0.05% to 0.1%, if instructed.

Vi Derm™ AHA Exfoliating Cream

Vi Derm™ Alpha Hydroxy Acid (AHA) Exfoliating Cream for face, neck, and chest will rejuvenate and regenerate the cells deep within the skin to leave your skin appearing more radiant and youthful. Your skin will feel firmer, fine lines and wrinkles will diminish, and pores size will minimize. Your skin's elasticity and ability to hold more moisture will also improve, plumping the skin for a more youthful appearance.

Directions:

Apply evenly to face, neck, chest, and back of hands once a day, in the morning. Follow this step with moisturizer, if desired, and always use Vi Derm™ SPF 30 Sun Protection. Keep away from eyes.

Vi Derm™ SPF 30 Sun Protection with CLA

Vi Derm™ SPF 30 with CLA is a unique sun protection product which provides a high level of protection from UVA and UVB rays. CLA is a naturally occurring essential nutrient that has been shown to have numerous health benefits. Vi Derm™ SPF 30 with CLA is oil-free, water-resistant, and leaves your skin with a smooth, silky feel.

Directions:

Apply Vi Derm™ SPF 30 liberally 15-30 minutes before sun exposure. Reapply as needed after swimming, sweating or extended sun exposure.
